

Perpetual e-Motion Southern California Tour

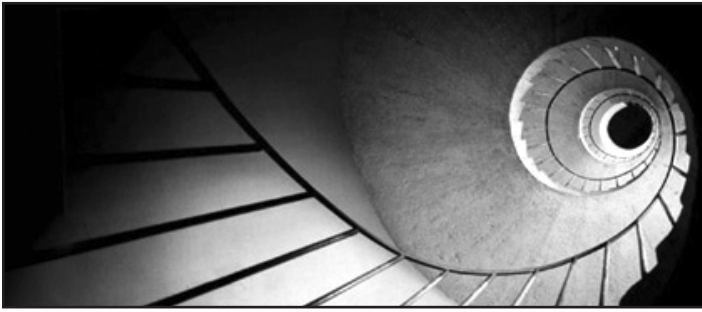

PHOTO BY JOSÉ LIEVA

Captivating, passionate, propulsive and progressive are what best define the music of this power duo, perched at the convergence of traditional and electronic dance music. Perpetual e-Motion integrates technical and sonic innovations with old school traditions to create an enormous sound full of momentum and groove. Lauded as a two man orchestra, this duo continues to innovate the art of traditional dance music through their use of sound sculpting and multitasking, captivating listeners and dancers with their infectious and unique sound.

Ed Howe, an amazing electric fiddler, and John Cote who can perform magical feats by playing synth guitar, didgeridoo, and acadian style foot percussion all at the same time are Perpetual e-Motion..
